## “FRANCE EXIT GOD ENTER NOWHERE” on a journey to nowhere

Stats on France from ‘stonesinfrance’ mission

Does France need missionaries? Why should you care? Post Christian France proceeds America and where she is headed. God has called us to stand in the gap! Will you stand with us in prayer. Will you support us to bring real revolution that comes only through the power of the Gospel of Jesus Christ. Here are a few statistics about the Spiritual climate in France right now

-Evangelical Christians make up 1/2% of the entire population of France. (less the Pakistan and Saudi Arabia per capita)\*

-80% of the population have not owned or even seen a Bible!\*

-There are 38,000 Villages in France, 36,000 do not have an Evangelical Church\*

“If the Son sets you free you will be free indeed!” The sons and daughters of France need to be set free!

Islam is the 2nd most widely practiced religion in France by number of worshipers. Muslims make up 10% of the national population. Muslims comprise (68.5%) or 2/3rds of all new immigrants to France in 2010.\*

751 No Go Zones in France. Places where the French government avoids except in extreme situations. These are predominantly Muslim areas where Shariah law is practiced to a degree. These zones are located throughout the country even in major cities like Marseilles and Paris. \*

Over 50,000 registered workers of the occult (fortune tellers, tarot cards readers, mediums) More than the 35,000 registered full time Christian workers\*.

The Catholic Church in France has gloried in her title “Eldest daughter of the Church”. Yet it was this country that two centuries ago unleashed a revolution aimed at their social and political order. It was against Christianity itself. They are now the prodigal son that needs to come home. It is a land that has produced in every century a harvest of saints, theologians and missionaries, yet estimates today place Sunday mass attendance figures as low as 11% in a population of some 40 million baptized Catholics.

**Humanism is the unofficial religion of Modern day France.**

**Humanism is the exaltation of Man.**

**“Humanists consider the religious forms and ideas of our Fathers no longer adequate, the quest for the good life is still the central task of mankind. Man is at last becoming aware that he alone is responsible for the realization of the world of his dreams, that he has within himself the power for its achievements. He must set intelligence and will to the task.” (a quote from a group of humanists)**

France has always been a country that has wielded much influence over Western Civilization. Men like René Descartes and John Calvin have greatly shaped the way we think. France continues to play a very strategic place in the world. To win France with the Gospel is to win Western Europe.
