

SHATTER THE DARKNESS

MISSION TRIP TO THE

UPSIDE DOWN MOUNTIAN FRANCE

20,000 ARE THERE ALREADY

A REQUEST FOR MISSION SUPPORT

We have a great burden for evangelism, spiritual warfare, research and a report to publish for all concerning this incredible event occurring in Bugarach France. We are stepping out to accomplish a mission trip to the 'upside down mountain' to share the gospel and seek God's grace and intervention.

They say there are 20,000 already there and it is clear that a great spiritual deception has and is drawing many more. We are seeking with this update to ask for your consideration for mission support for a [Shatter REEP mission trip](#) to this area for November 20th to 30th 2012. Here is what one article has revealed:

"An estimated 20,000 New Age believers who say the "upside down" mountain is home to aliens who will rescue them from an impending apocalypse have saturated a small French commune near the foot of the picturesque Pic de Bugarach.

The [Independent](#) reports the growing flock, whom locals refer to as "esoterics," believe the world will come to an end on Dec. 21, 2012. They also reportedly believe that the unique mountain is in fact home to a race of alien beings that will emerge to rescue the gathered humans and transport them to a new civilization.

Pic de Bugarach has long been famous because rock samples taken from its peak are actually older than points measured at lower elevations. Scientists say that is because when the 1,230-meter (4,040-foot) mountain erupted, its peak flipped upside down before crashing back down upon the mountain's base. The mountain is said to have played a role in inspiring everything from Jules Verne's "Journey to the Center of the Earth" to Steven Spielberg's "Close Encounters of the Third Kind."

The [BBC](#) reports that the French government is concerned about mass suicides taking place near Pic de Bugarach in advance of the Dec. 21 date and that there have been reports of "strange rituals" taking place there as well.

Last year, CNN filed a report on the apocalyptic rumors surrounding Pic de Bugarach:

The Independent notes some other rumors surrounding Pic de Bugarach, which included speculation that both Israel's Mossad and Nazis have performed "mysterious" excavation digs there.

"The apocalypse we believe in is the end of a certain world and the beginning of another," one of the New Age pilgrims going only by the name "Jean" tells the paper. "A new spiritual world. The year 2012 is the end of a cycle of suffering. Bugarach is one of the major chakras of the earth, a place devoted to welcoming the energies of tomorrow."

Up to 100,000 visitors are expected to flock to the scene before Dec. 21."

We feel a great call to go to France and seek to observe, evangelize and engage the people there. I personally believe that tens of thousands will be greatly deceived and we must expose and warn many others. There are two of us planning on this trip at this time and we are prayerfully seeking support for this mission.

I will seek to do my live broadcasts from France during the ten days that I will be gone. We will have pictures and reports to post, blog about and send when we get back.

The cost per person for travel, air flights, travel in France, lodging, equipment, food etc. will be \$4500.00

This is the first time we have gone public with a request like this and I personally trust that God is going to meet this goal.

If you can help with mission support for this trip you can send in support to SHATTER THE DARKNESS PO BOX 755 UNIONTOWN, OHIO 44685
