# EMERGENT CHURCH

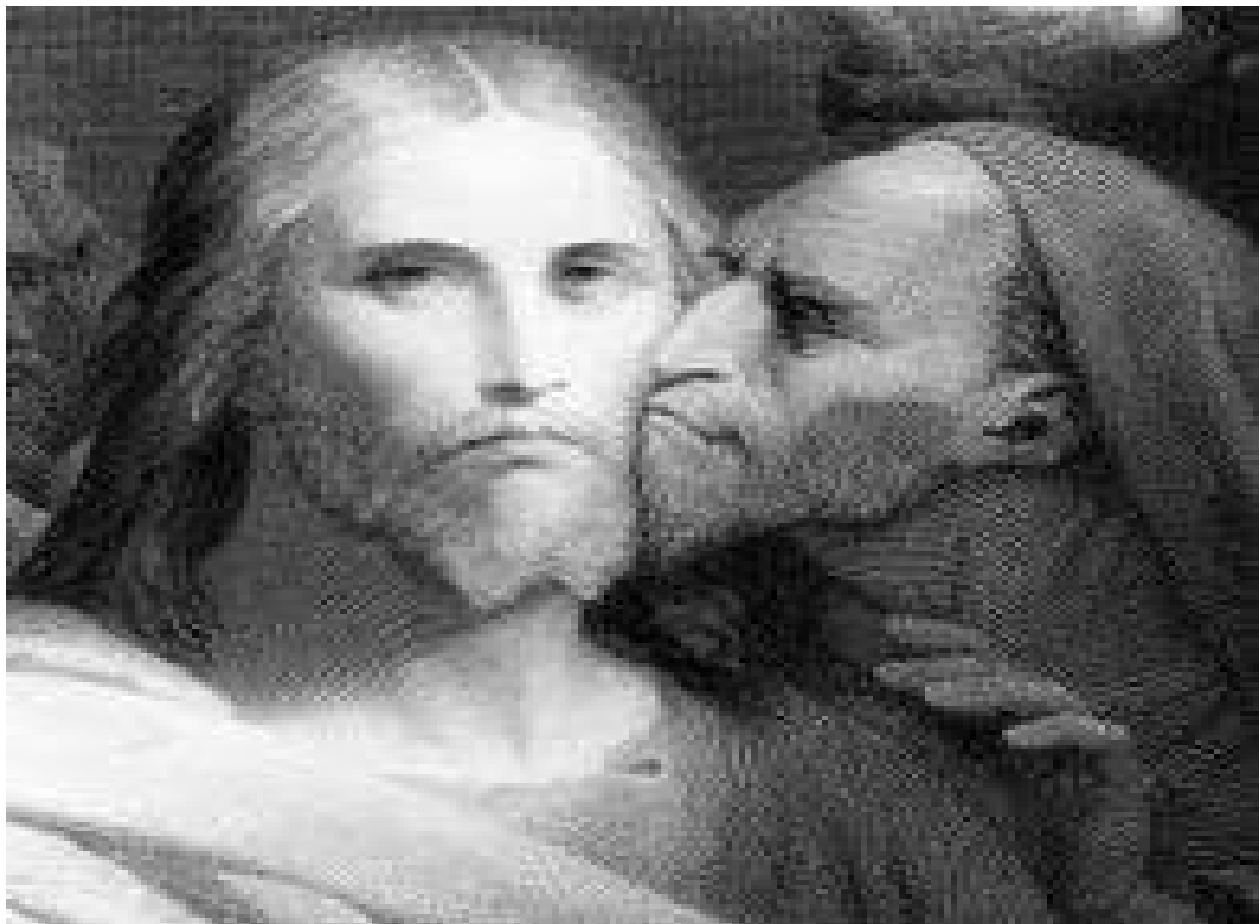

**IN CONTRAST TO THE INDESTRUCTIBLE SUPERNATURAL CHURCH THAT JESUS CHRIST IS BUILDING, HAS COMMISSIONED, IS EMPOWERING AND IS COMING FOR**

The word 'church' is used in the New Testament well over 90 times; it is mainly used of the local visible church though the larger global body of Christ is clearly spoken of. It is of divine origin, it is truly the most spiritual and supernatural organization (living body) on the face of the earth today. It has Jesus Christ for its founder, provider and builder. It has the indwelling presence of God Himself in the person of the Holy Spirit. It is birthed in the infinite love of God and involves all that redemption provides.....and that alone is amazing and unequalled. It is the vessel that the living Christ lives in and through and has as its mission the *goal of reaching every single person living anywhere/everywhere on the globe with the love of Christ...the gospel of salvation.*

The church is weak and strong, incredible and at times sickening. It is though..... in the hands of its Sovereign Head.....Jesus Christ.

It has a massive mission; it can be incredibly powerful and is the only spiritual entity that hell itself would love to destroy. And if hell can't destroy it (the church is indestructible) it would love to compromise, corrupt and counterfeit it.....why? Because satan himself fights against the salvation of the souls of humanity. Does the 'emergent church' aid satans cause? Is it a vessel of dark spiritual corruption? What must we do? The 'emergent churches' betrayal of Christ and its Judas kiss exposed on this live broadcast.
