SEXUAL DECADENCE
AND THE END OF MAN
Demonic influence, addictions hell bound defiance and Biblical Prophecy

What was…is meant to be a great pleasure and holds the power of procreation can and has become an exploitive trade of dark perversion. What God has created as good has been misused, degraded and can even be a doorway to transfer demonic presence. Sex is good, should be good! but it can become a hell bound addiction that degrades human beings and enslaves a person to a life of empty shame.
Sex sales? Really now…who gets the profits? Who loses and how does this gift of God get turned into a hell bound dark perversion. The exploitation of human sexuality can grant to some millions, mansions and decadence, all of which walks on the backs of those who have been (are) subjugated to horror, shame and pain.
