

FORETELLING THE FUTURE

What do you really want to know? What can you really know?

If you could, would you really want to know the future? Is there a future...a future hope? As you read this are you moving into the future, can you tell? Why so many would love to know the future ...and then use it for greed and self-gain? Can you weaponize knowledge of the future? Who does know, and how can you know what is to come?

It will be clear that those behind the road to Armageddon do know something about the future; it is also clear that *this knowledge has them scrambling for chaos and a new order of global conquest.*

Does it seem that the world is moving into the future, what future? And does it seem that most feel that the near future is going to be catastrophic and devastating? Join us live as we look into this.
