

THIS WEEK JANUARY 15TH TO 19TH

Is there really a collective conscience, a global mind or some presence that links the movement of humanity into one direction? Is there some 'thing' that is guiding the minds of billions to think and feel the same way? If so...what is that thing or element that many claim is guiding human consciousness to think, believe and desire seemingly the same thing? If billions of minds are being guided...how about yours? Are we free to think and feel on our own or are we captive to this 'force' that seems to be guiding the entire globe? In this week live radio broadcast we will look into what that 'force' is and what 'it' wants the whole world to embrace.
