

CRITICAL MASS

SPIRITUAL WARFARE

THE FRONT LINES OF PAST PRESENT AND FUTURE HISTORY

Before the fall of the human race it happened, it was a spiritual war on God and thus all that did and would ever exist. This raging war was set and plotted...it was coming our way. An insurrection that transmuted the once anointed cherub and brought down all who embraced its will. It infects all of us and all that is done, it's the 'invisible' activity that shapes politics, builds armies and set humanity on the quest for bloodshed and even.....godhood.

Being blind to this spiritual war only opens one to being deceived and destroyed by it. Join Russ this week as he brings up to date insight on the building of *CRITICAL MASS*...spiritual warfare in its final hour.
